Don't go it alone...

**We're here  
to assist in:**

- treatment planning
- tooth preparation needs
- temporization
- insertion requirements

**Let PJ's help you  
sort out today's  
restorative products.**

**Ask About  
Procera<sup>®</sup>  
Implant  
Zirconia  
Bridge**  
up to 14 units

**Lava<sup>™</sup>  
worth its  
weight  
in gold...  
without  
the expense**

Lava<sup>™</sup> is a premiere all-ceramic restoration; more biocompatible than metal with very little allergic potential. It is durable and dependable for zirconia crowns and bridge frameworks.

- The only all-ceramic CAD/CAM Implant Bridge Zirconia for screw-retained solutions
- Excellent marginal fit
- Proven ceramic flexural strength can be used anywhere in the mouth
- Highly biocompatible material for enhanced soft tissue integration
